PROSE TO PANELS

PREVIEWS once again celebrates mainstream authors whose works have come to Comic Shops in the form of serialized comics or graphic novels, either based on their previously published novels or new material written especially for the comics. Whether it be an adaptation or all-new material, these writers are blurring the line between *PROSE and PANEL*, and bring with them fresh new ideas and characters for comics readers everywhere! In honor of this month's PROSE to PANELS event, we reached out to several authors whose works have made the transition from prose to comics, and you can find these mini-interviews on page 248!

I ONLY READ WHEN I FLY

That statement above, is more or less the truth about me; I don't seem to ever take the time to sit down and read a book when I'm at home. I guess there are just too many distractions… video games, 200+ channels of TV, hanging out with friends, going to movies. Typically, I read two books anytime I fly to California — one on the way out, and one on the way back. This year, when I flew back to California for Comic Con, and to visit my family and my good buddy Chris Cade (who is on the mend after his stroke in October of last year), I took two books with me: **THE PERDITION SCORE** by Richard Kadrey, and **THE GIRL WITH ALL THE GIFTS** by M.R. Carey.

"As for my reading habits... maybe I should just get an airline seat for my home? Or better yet, maybe I should just try harder to get some reading done?"

Prose *to* Panels

THE PERDITION SCORE is the eighth book in Richard Kadrey's "Sandman Slim" series, an urban fantasy series set in a modern Los Angeles populated by magical cults, angels, demons, and assorted other "lurkers". Sandman Slim is the nickname of James Stark, a former member of a Sub Rosa magical family who was betrayed and sent to Hell. While "downtown", Stark spent countless days (years?) honing his skills in mayhem and dismemberment in Hell's arena. Eventually he attracted the attention of one of Hell's arch-demons, and became his personal assassin, eventually killing the demon himself and making his escape back to Earth… where set about his bloody revenge for himself and his dead girlfriend. Then there were the other things to deal with: zombies, vampires, Old Gods, and God himself, fractured into multiple personalities! This is the kind of stuff that would lend itself well to any medium… TV, Movies, or Comics. I hear tell some news is coming soon to that regard.

On my return trip, I read **THE GIRL WITH ALL THE GIFTS**. Set in a near-future England, it's a difficult book to describe without ruining the reveal… so I'll just let the book's own description set the scene…

Melanie is a very special girl. Dr Caldwell calls her 'our little genius'. Every morning, Melanie waits in her cell to be collected for class. When they come for her, Sergeant keeps his gun pointing at her while two of his people strap her into the wheelchair. She thinks they don't like her. She jokes that she won't bite, but they don't laugh. Melanie loves school. She loves learning about spelling and sums and the world outside the classroom and the children's cells. She tells her favourite teacher all the things she'll do when she grows up. Melanie doesn't know why this makes Miss Justineau look sad.

What follows is a great adventure story, with moments of gritty action, deep emotion, and some familiar-yet-original settings. This one has already been adapted to the screen, and will hit movie theaters this fall. I can't wait to see it. And the one thing I didn't mention is that its author, M.R. Carey, is actually the pen name of Mike Carey… who has written a ton of comics including runs on *X-Men*, *Ultimate Fantastic Four*, *The Unwritten*, *Lucifer*, and more.

Mike has taken things from Panels to Prose… but it doesn't matter which format direction the creator is headed, we all still benefit from their great works! And we have plenty of great reads this month (along with all the cool merchandise we all love) in ***PREVIEWS***!

As for *my* reading habits… maybe I should just get an airline seat for my home? Or better yet, maybe I should just try harder to get some reading done?

Chair it is!

And oh yeah, have a Happy Halloween!

VARIANT PLAY ARTS 改 KAI
ACTION FIGURE

BATMAN™: ROGUES GALLERY – TWO-FACE –
Designed by HITOSHI KONDO

Release: DEC 2016 SRP $199.99 STL023028

The DC Comics Variant Play Arts KAI line announces its latest collection: the BATMAN™: Rogues Gallery series! This mashup of Batman's classic silhouette with the beloved villains of his Rogues Gallery results in a never-before-seen design collaboration - East meets West, Good meets Evil.

Our debut Variant Play Arts KAI for this line is TWO-FACE. The right half of his body resembles the classic BATMAN design, but the armor and suit are slightly melted and warped. On the left half, however, the color scheme and form are totally transformed, resulting in a TWO-FACE design applied to a BATMAN outline. A charred, scorched paint effect has been carefully reproduced, along with eyes made with transparent parts for a haunting expression, set in a visage of half-melted flesh.

The figure includes an interchangeable grinning face and hand parts, so that TWO-FACE can be posed doing his signature coin toss. This figure's novel design hopes to give the best of both worlds, simultaneously heads and tails, for an unlikely but delightfully evil TWO-FACE action figure.

Spec: PVC Action Figure
Package: Window Box

Figure Size:
W 8.7" x D 6.3" x H 11.4"

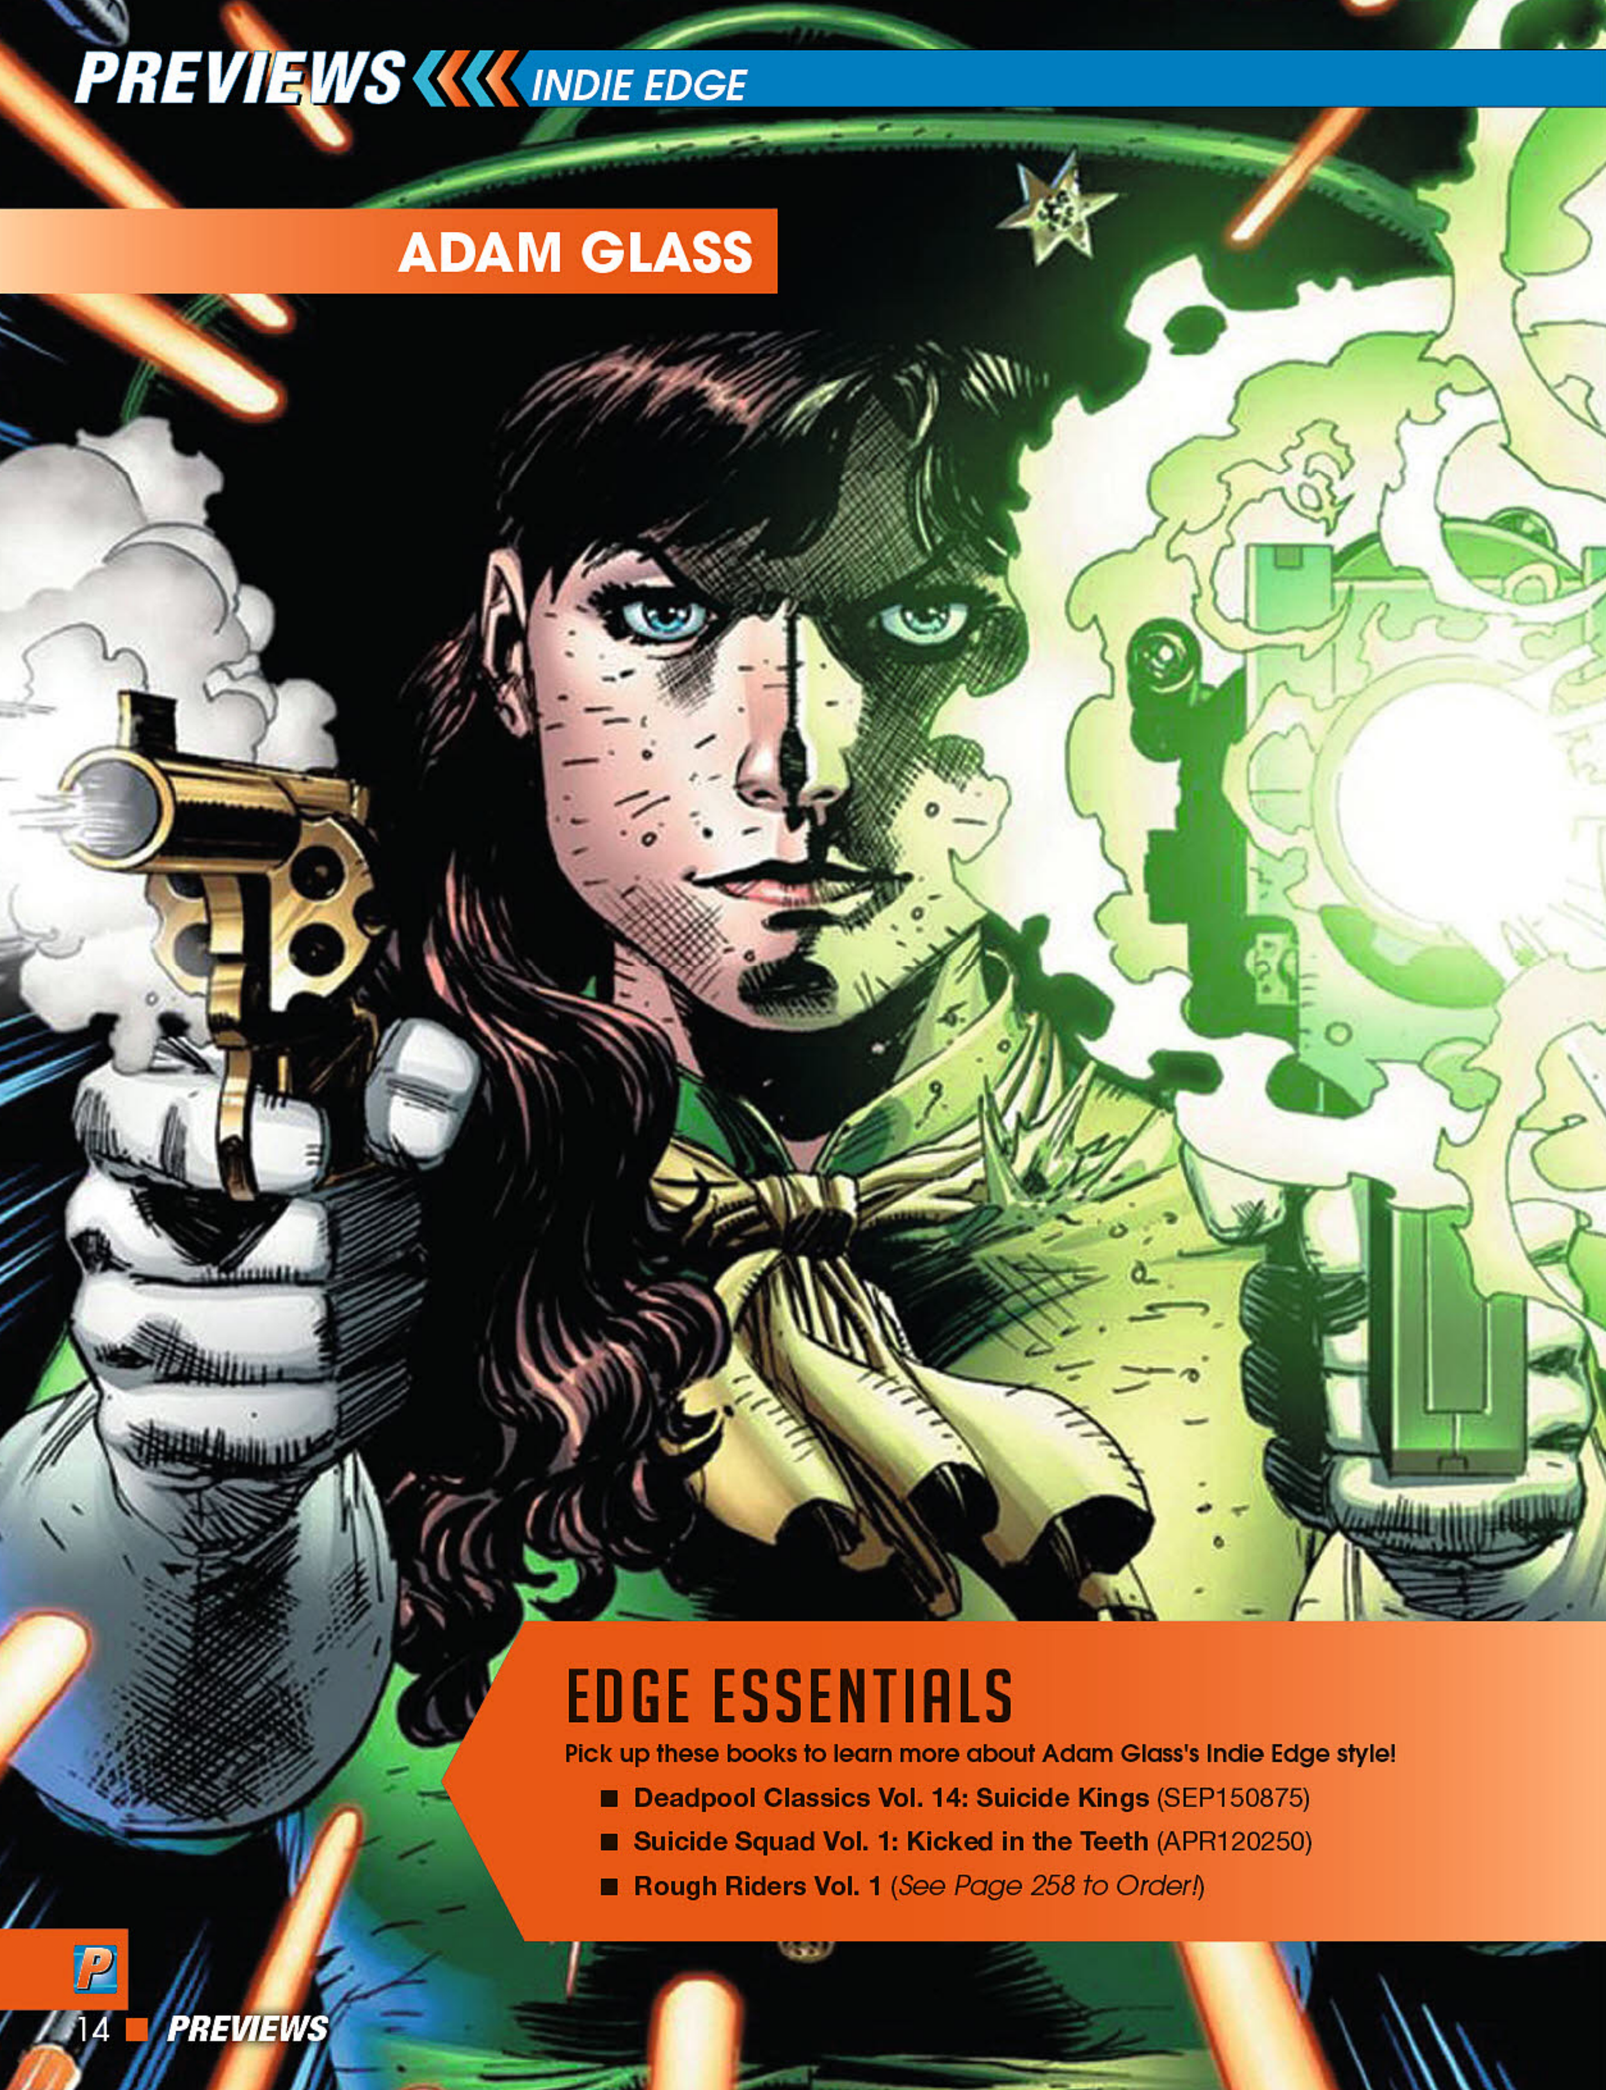
ADAM GLASS



EDGE ESSENTIALS

Pick up these books to learn more about Adam Glass's Indie Edge style!

- **Deadpool Classics Vol. 14: Suicide Kings** (SEP150875)
- **Suicide Squad Vol. 1: Kicked in the Teeth** (APR120250)
- **Rough Riders Vol. 1** *(See Page 258 to Order!)*

Please tell us a bit about yourself!

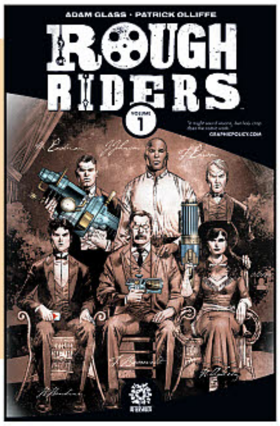
Though NYC will always be home, Adam resides in Los Angeles and is a TV Writer/ Executive Producer of such shows as *Supernatural, Cold Case* and currently *Criminal Minds: Beyond Borders* on CBS. When Adam is not writing for TV or films, he's writing graphic novels. Some of these titles include: Marvel Comics' *Deadpool: Suicide Kings* (*Deadpool Classics Vol.* 14 / SEP150875) and DC Comics' *Suicide Squad* (*Vol. 1: Kicked in the Teeth* / APR120250) — all of which were *NY Times* bestsellers. Other books Adam has written or co-written for Marvel are *Deadpool: Pulp, Luke Cage: Noir, Deadpool Team-Up* and *Luke Cage: Origins*. And for DC, *JLA Annual* and the *Flashpoint* series, *Legion of Doom*. Most recently, Adam finished an original 6-part graphic novel for Oni Press called *Brik* (Issue #1 / MAY161667), about a boy and his Golem, and *Rough Riders* for Aftershock Comics, a reimaging of Teddy Roosevelt's involvement in the Spanish American War, which is being collected into a trade paperback this month (See Page 258).

What are your favorite projects you've contributed to over the past decade?

Wow, I've been very fortunate to be part of some pretty cool stuff. Putting Harley Quinn, who I love, into Suicide Squad is top of my list. But I loved doing *Luke Cage: Noir* and Deadpool: Suicide Kings also.

What are you currently working on?

I'm working on the second chapter of my AftershockComics title *Rough Riders*. This book is a dream come true for me, I so love writing it! At the same time, I'm also writing/executive producing and co-running the *Criminal Minds* spin-off series on CBS called *Beyond Borders*.



What fun titles are you reading?

Saga
(Vol. 1 Dlx. HC / SEP140591):
Brian K. Vaughan walks the thin line between reality and absolute madness in *Saga*. I remember watching *Star Wars* as a nefarious youth wondering what the *their* drugs, crime and murders looked like... *Street Star Wars*, if you will. *Saga* does this beautifully, at times creating moments of complete insanity while counteracting it with what I consider to be the best family story currently in comic books.

Alters (*See Page 261*):
My sixteen-year-old daughter uses the word "Fluid" a lot to describe her friend's sexuality and overall personality, and that is exactly what I love about *Alters*. It's Fluid and has the familiar foundation of an *X-Men* book, but the fresh twist is that it's about *real* people, in a *real* world, dealing with *real* problems. It's a book that feels more about *now* than anything else out there. It's the book I didn't know I needed.

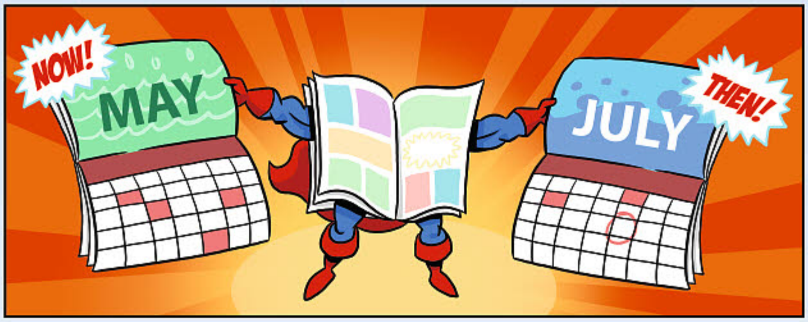
The Bunker
(Vol. 1 / MAR141297):
Joshua Fialkov made time travel badass. Through taking standard time travel tropes and placing them in an apocalypse / horror setting, we feel as if we're living in a new *Twilight Zone* episode. Situation trumps character and makes for an eerie read. With ample twists and looming mass extinction, one would imagine *The Bunker* to be a hard and unsympathetic read, which in some senses it is. But its bleak creativity makes it hard to put down!

USER'S GUIDE

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

Dennis the (Lovable) Menace

Hank Ketcham created, wrote, and illustrated the gag cartoon series *Dennis the Menace*, which debuted on March 12, 1951 in 16 newspapers. The inspiration for *Dennis* actually came from Ketcham's personal experience with his son. One evening, after refusing to take a nap and messing up his bedroom, Ketcham's then-wife exclaimed "Your son is a menace!" and thus the legend was born. In fact, the entire Mitchell family is modeled after Ketcham's own family. It just goes to show, having a menace for a child can be a blessing in disguise.

What's Cool in this Month's Catalog!

October 2016 | Edited By: **Allyn Gibson** | editor@PREVIEWSworld.com

X-MEN AND INHUMANS DO BATTLE IN MARVEL'S *IVX*

The days of the mutants are numbered. The detonation of the Terrigen Bomb had three immediate effects — the sterilization of mutants, the prevention of the triggering of the X-gene, and the creation of millions of new Inhumans. The recent revelation that the Terrigen Mists will destroy all mutantkind within weeks escalates the crisis facing homo superior to an extinction-level event. This sets the stage for the Marvel Universe's next big event, the battle between the Inhumans and the X-Men in Charles Soule, Jeff Lemire, and Leinil Francis Yu's *IVX* this December!

Long secretive and secluded, the Inhumans kept themselves removed from humanity until recent events forced them to take a more active role in humanity's affairs. Long-feared by humanity for their mutant powers and sometimes freakish appearance, the X-Men have defended and championed those who have feared and despised them the most. Facing their final days due to a man-made environmental catastrophe that is rendering the Earth inhabitable to them, some mutants lash out at those they blame for the crisis — the Inhumans — because they would rather go out fighting for survival than meekly accept their fate. With the clock ticking toward Armageddon, will this be the last stand of the X-Men and Earth's mutants, or can a solution be found in time that will allow mutants and Inhumans to coexist in peace?

Charles Soule, the writer of *Uncanny Inhumans*, and Jeff Lemire, the writer of *Extraordinary X-Men*, join forces with artist Leinil Francis Yu for a story that will forever alter the status quo of the mutants, the Inhumans, and the Marvel Universe as a whole. Just as today the world wrestles with climate change and man-made environmental disasters, the Marvel Universe must grapple with a disaster of its own making, one that will shape the future of a multitude of Marvel characters!

To whom will the future belong, the mutants or the Inhumans? The destiny of the Marvel Universe is at stake this winter as the mutant/Inhuman war explodes in Marvel Comics' *IVX!*

Panel two
He moves on, but the camera stays behind. Only his left hand and maybe part of his body remain "in frame" almost as if he's crossing at an angle out of the shot. He takes most of the light with him — but in the last dimness that remains we see the widow. Its hairy mandibles and blood diamond eyes are just emerging from the shadows
(no dialogue)

panel three
Harland passes through a web, stretching it in a membrane of silvery wires. He scowls in surprise.

3. Harland Hehn?

panel four
He twists, and webs gather around him, adhering to him in a gauzy cloak. A cross-stitched pattern of webs sinks into his cheeks deforming his features. We see him pirouetting in a vault of darkness no features of the room visible at all. His left hand stretches out with the candle.

By panel here, Harland, now all but shrouded by constricting webs, extends his candle toward a sheer wall of webs. Fiona is entrapped, tightly stuck to the vast tapestry of web. Webs are clamped tight over her mouth. Chamberlin is also here, cocooned, hung upside down like the seed pod of some dreadful weed. Even less of his features are visible, but his eyes are rolled back in his head and he looks grey and drained.
Harland opens a web-filled mouth to scream, rearing back. He doesn't seem at all aware of the fuzzy leg descending toward his shoulder.

JAY DISBROW'S MONSTER INVASION

writer **Various** • artist/cover **Jay Disbrow**

One of the most bizarre, unique stylists from Pre-Code horror comics is cult-favorite **Jay Disbrow**. If there's anyone close to this unknown genius, it's Basil Wolverton. Working with friend, editor and colorist **L.B. Cole**, Disbrow wrote and drew many fear-inducing tales specializing in terrifying demons, scary apparitions, and a horde of hairy monsters. This full color, large format book culls the best of Disbrow's work from moldy comics like *Dark Mysteries*, *Ghostly Weird Stories*, *Spook*, and *Startling Terror Tales*. A revealing and lengthy interview with the creator serves a dark, ghostly-weird, startling, and profusely illustrated introduction!

THE COMPLETE CHESTER GOULD'S DICK TRACY, VOL. 21

writer/artist/cover
Chester Gould

Dick Tracy leaps into the Space Age when Diet Smith's experimental Space Coupe brings back a visitor from outer space! Meet… Moon Maid, the most outrageous character in the strip's entire history. Prior to venturing where no detective has gone before, Tracy deals with some very earthbound—and gruesomely entertaining—adventures, including the use of napalm (!) to flush out a gang of crooks from their hideout. In these strips from August 27, 1962 through April 12, 1964 Tracy mixes it up with the criminal 52 Gang—each named for a card in the poker deck—who have found a novel way to dispose of the corpses of their enemies, Junior is smitten by a girl who literally wants him dead, Sparkle Plenty falls into the hands of crazed modern artists and their ape accomplice, and (six months before it happened in the "real world") a doctor has perfected heart transplant surgery—but in this case it's on unwilling victims!

BEOWULF HC

SANTIAGO GARCÍA and **DAVID RUBÍN** unite to bring forward the myth of Beowulf, which has endured for a thousand years and inspired an epic poem of the same name, became a foundational piece of English literature, and inspired generations of authors, from Tolkien to a good number of Hollywood screenwriters.

BEOWULF tells of the tale of a Scandinavian hero in lands that would become what is now Denmark and Sweden: A monster, Grendel, has arrived in the kingdom of the Danes, devouring its men and women for 12 years until Beowulf arrives to save them.

GARCÍA and **RUBÍN** faithfully follow the original story for a new version that is neither revisionist nor postmodern, but captures the tone and important details of the poem, translating its potent, epic resonance and melancholy into a contemporary comic that isn't standard swords and sorcery or heroic fantasy fare, but rather an ancient story with a modern perspective that remains respectful of the source material.

PETER DAVID

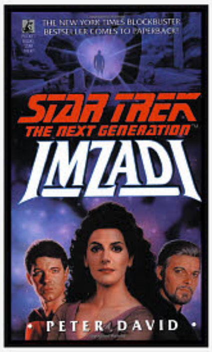
AUTHOR: Award-wining *"Writer of Stuff"*… including Comics, Novels, and Television

PREVIEWS: Please tell us a bit about yourself!

Peter David: Well, I tend to bill myself as a "writer of stuff" because I've written so many stories covering so many formats that it's hard to feel pegged into just one! I've been writing comic books since the mid-1980s, and I've also had over a hundred novels published. I've won awards including the Eisner and the Julie award, and I've had a number of books on the *New York Times* Bestsellers list. Currently my regular assignments are *Spider-Man 2099* and *Stephen King's Dark Tower* at Marvel.

P: *What are the biggest challenges you faced when translating prose stories and writing habits to comic format?*

PD: Actually this one, *Artful* (Action Lab Entertainment), presented no challenge at all. I had written a screenplay version of the novel just because I thought it would be a good idea to do so just in case anyone was interested in the movie rights. So when I was approached about the notion of turning it into a comic book, I simply gave them the screenplay and said, *"Here you go."* The artist took it from there, and I think she's done a wonderful job.



P: *What projects would you like to see make the jump from prose to comics?*

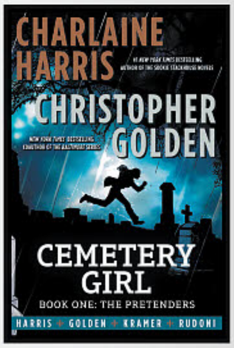
PD: I wouldn't mind seeing *Tigerheart*, and its sequel, *Fearless*, as comics. I think they'd make great projects.

CHARLAINE HARRIS

AUTHOR: *The Sookie Stackhouse Mysteries* (*True Blood*), *The Harper Connelly Mysteries*

PREVIEWS: *Please tell us a bit about yourself!*

Charlaine Harris: I am a daughter of the South, and now live in Texas. I have a husband, three adult children, two grandchildren, and some rescue dogs. My first book was published in 1981. Since then, I've written mysteries, urban fantasy, science fiction, and even a little romance. I like to keep my brain moving.

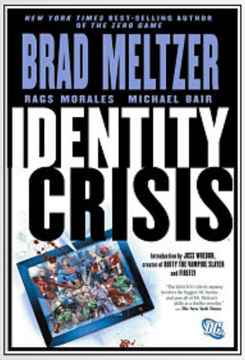


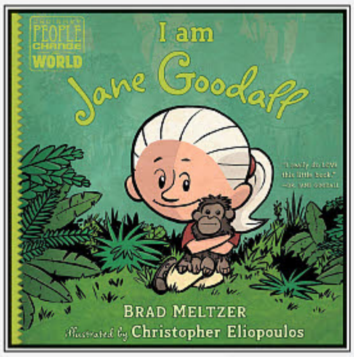
P: *What are the biggest challenges you faced when you transitioned from a prose writer to comics?*

CH: I was accustomed to describing, which is not the writer's job in graphic novels. I had to learn a very hard lesson; you can't write transitions. Each panel is a particular action. Chris Golden (artist of *Cemetery Girl*) kept telling me, *"You can't write something the artist can't draw."* It finally penetrated. It was also hard to learn that the artist has the power to make a character look the way he/she sees the character, which is not necessarily the way the writer sees the character.

P: *What projects would you like to see make the jump from prose to comics?*

CH: That's an interesting question. I'd really enjoy seeing Jeanne Stein's *Anna Strong* books in graphic form. Kevin Hearne's *Iron Druid* books! That would be great! And here's a book that would be a PERFECT graphic novel: Lila Bowen's *Wake of Vultures*.





BRAD MELTZER

AUTHOR: #1 New York Times bestselling author of the "Culper Ring" Series, DC's Identity Crisis, History Decoded

PREVIEWS: *Please tell us a bit about yourself and your project!*

Brad Meltzer: My name is Brad Meltzer and I write thrillers (*The House of Secrets*), comics (*Identity Crisis, Justice League of America*), and now a widely popular kids book series about real life heroes, the latest of which are *I Am George Washington* and *I Am Jane Goodall*. This series was born because I was tired of my daughter thinking that reality TV stars and loud-mouthed sports players were heroes. I tell my kids all the time: That's fame. Fame is different than being a hero. I wanted my kids to see real heroes… and real people no different than themselves. For that reason, each book tells the story of the hero when they were a kid. We see them as children. So it's not just Amelia Earhart and Abraham Lincoln being famous — it's them being just like us.

P: *What are the biggest challenges you faced when you transitioned from a prose writer to comics?*

BM: You have to learn to shut up. When I write a novel, if I want to say someone is nervous, I paint with one palette: the palette of words. I have an infinite number of words I can use. I can say, *"He was sweating… he was tapping his foot… he was scratching his head."* But that permutation of words — even if it's subtle — is the only way for me to get that idea across. But in a comic book, you're painting with a brand-new palette. Now you have words and pictures. So in a comic, you have to learn to rely on your artist. It's far more freeing that you know. But you have to take advantage of it. For the kids books, I took everything I learned in the novels, then added everything I learned in comics — and we got this brand new hybrid that's a mixture of both. It's been amazing how many kids say, *"This reminds me of a comic."* It's supposed to. That's why I brought in a comic artist in Chris Eliopoulos. Growing up, I only used to read comics. I was determined to hook other kids with them.

P: *What projects would you like to see make the jump from prose to comics?*

BM: *The Books of Lies*, of course. The origins of Superman and the murder weapon Cain used to kill Abel. Drawn by Michael Lark or Alex Maleev. A boy can dream…

S.A. CHECK

AUTHOR: Maxx Fragg V.P.I., Welcome to Greengrass, Pink Panther, The Three Stooges

PREVIEWS: Please tell us a bit about yourself!

S.A. Check: Hi! I'm S.A. Check, a YA and Sci-fi fantasy novelist, and comic book writer. I've been a fan of comics ever since I was 11 years old, buying my first 22 pages of literary gold off a rotating metal rack in the lawn and garden section of our local grocery store. Ever since then, I've been hooked, spending many of my formative years collecting comics, either off the rack, at conventions, maybe even from the back of a van at local flea markets (KIDS – DON'T TRY THAT AT HOME!). Along with the comics I've amassed, I also became an avid reader of novels, devouring pretty much anything I could get my hands on from science fiction, to adventure, westerns, Which-Way? books, and even some classics. Getting lost in the worlds of Asprin, Pratchett, Asimov, and Bradbury, I began creating my own stories. Reading comics, I inadvertently learned along the way about story arcs and conflict, dialogue and drama.

My first novel, *Welcome to GreenGrass*, is an adventure book that mashes together elements of magic, mystery, and science fiction, published by Necro Publications/Bedlam Press. I've also contributed short stories for anthology works, written for *Bleeding Cool Magazine*, and released a second novel, *Maxx Fragg, V.P.I.*, a para-cyber fantasy from Ink Smith Press. Currently, I'm working as an editor and writer for American Mythology Productions where I'm writing for *The Three Stooges* and *Pink Panther* comics, with a number of other projects in the works for the company. This September, AM will release my political parody *Red White & Stooge*, and in November, several of my shorts will be included in the *Pink Panther* trade paperback, also from American Mythology. So, from a kid who grew up on comics, to an adult who gets to write them, not too shabby of a ride if I do say so myself.

P: *What are the biggest challenges you faced when translating prose stories and writing habits to comic format?*

SC: There are several challenges to writing for comics as opposed to straight prose. With novels and short stories, there are always elements that you can leave to the reader's imagination in your work. You set the stage, but the nuances can be filled in with certain scenes, which allows for different interpretations of the same work. The reader brings their own life experiences and expectations with them when they read one of my novels. With comics, being such a visual media, your vision of the scenes and panels have to really be spot on to stay true to where you're taking the story. The scripts for a comic are a blend of setting the scene right and then following through with the words. One of the things I've always enjoyed about comics is being able to connect with readers by using a combination of dialogue, captions, panel placement, even sound effects. Working with the right artist, like Adrian Ropp, Bill Galvan, Brendon and Brian Fraim, and many of the other talented folks I've collaborated with for American Mythology, has been nothing short of awesome, because each of these guys brings so much to the stories, taking them to a whole new level. Seeing one of my novels in print is always gratifying, but seeing your vision come to life on the paneled page is definitely something special.

P: *What projects would you like to see make the jump from prose to comics?*

SC: I think my writing, whether it's prose or not, has always been heavily influenced by the mounds of comics I read growing up. *Welcome to GreenGrass* is based on a reluctant hero who finds himself trapped in the alien city of GreenGrass, surrounded by an impenetrable dome, and forced to live amongst a colorful mix of alien races. Between the scenery and characters, it would make a fun romp as a comic. *Maxx Fragg, V.P.I.* blends the supernatural with the cyber and would also lend to some cool designs, especially the scenes inside the virtual city of Other Syde, where a large part of the book takes place. It's really a dynamic time for media with books, comics, the internet, TV, and movies, and the way properties cross seamlessly into each of them. I'm in a fortunate place right now where I'm able to do both print novels and comics and work with some incredibly talented people along the way.

TITAN

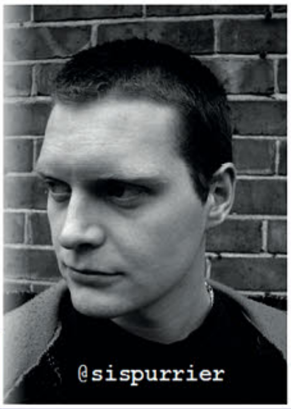
THE RETURN OF THE CULT CLASSIC SO VIOLENT IT WAS BANNED FROM THE SHELVES!

FEATURED ITEM

In February 1976, a terror came to British comic stores. Inspired by the Steven Spielberg film, Jaws, Hookjaw - a monstrous Great White shark which tore to shreds those who threatened the environment - burst through the surface of newsstand comic Action #1.

The tales of this destructive murdering machine were so violent, gory, and controversial, they incited a campaign to ban the comic from stores!

This December, just when you thought it was safe to go back to the comic store...Titan Comics is proud to present the publication of a petrifying all-new Hookjaw comic! To bite down on the meat and gristle of this marine evil, we join writer **Si Spurrier** and dive into the unknown fathoms!



SI SPURRIER
WRITER, HOOKJAW

For the uninitiated, what can you tell us about Hookjaw?
It's an action-horror which combines high seas drama, Somali piracy, CIA skulduggery, cutting-edge zoological research and a pack of great white sharks led by a singular, vast, unstoppable and near-mythical monster.

Forget all the stupid mutant-shark nonsense cluttering up the B-movie screens, forget dire shrieking starlets and improbable protagonists. The new Hookjaw is based on solid bloody science, terrifying realpolitik and splendidly hazy moral behavior. It's a story in which everyone involved believes they're the hero... and they're all wrong.

By way of a quick history lesson, the original Hookjaw started life in 1976 as one of the inaugural strips in (in)famous comics anthology Action, which would be banned within a year thanks to public hysteria about its violent content (and would eventually be replaced by the legendary and still ongoing 2000AD).

Hookjaw was only ever really meant to be a "dead crib" – that is, a knowing cash-in on a popular story, in this case Spielberg's blockbuster Jaws – but quickly became something more special. Based on an idea from Pat Mills, written by Ken Armstrong and drawn by Ramon Sola, it mutated into a subversive take on moral redemption. Unlike Jaws, pretty much every human character in the original Hookjaw was a villain. Hence the eponymous shark – a gigantic great white with a barbed fishing-gaff snagged through its cheek – which chomped its way through the entire rascally lot, played the role not of Evil Monster, but as a sort of avatar of natural retribution. It brought a fittingly grisly end to legions of bastards.

It's become something of a cult story to long-time British comics readers. With the new strip we've aimed to pay our heartfelt respects to the original, while presenting a modern, murderous and just plain fun story which requires no prior knowledge at all.

As a fan of the original series - which ran in the classic British comic, Action - how does it feel to bring Hookjaw to a new audience?
It's lovely. It's one of the very few work-for-hire IPs I was literally incapable of turning down.

Part of the pleasure lay in discovering that, just as the original story tinkered with notions of heroism, villainy and morality, I could have a lot of fun flipping expectations about heroic archetypes.

Titan's Hookjaw is a brand-new series. Can you tease a little about what we can expect from your new take?
In the new Hookjaw the main character – an oceanographer called Maggie – is literally the only person involved who doesn't think they're the hero. We've got the well-intentioned ecological warrior, the square-jawed soldier, the world-saving spy and the honorable-thief pirate...

...All of them dropped into a murky mystery involving a shipwreck, a polluted coast, the moldering wreckage of an old war, and a small group of female sharks – the Virgin Brides, each named for a Catholic Saint – waaaay out of their own territories, which seem to be displaying social hunting behaviors...

You are joined on this journey by legendary British comics editor and marine life expert artist, Steve White, and rising star artist Conor Boyle. Why is this the perfect creative team for Hookjaw?
There is literally no editor better equipped for this project than Steve, so I'm honored he picked me to write it. He knows sharks better than anyone I know, so you can be sure there's nothing in this story which strays too far from scientific orthodoxy. In my opinion it's a lot scarier as a result.

Conor's been doing amazing work for years in small and medium press circles, and is finally getting the recognition he deserves. His broody, moody inks have been an absolute revelation. In a medium like comics it's tough to tread the line between hint and reveal, but he's got it down pat. He's joined by a genuine comic book giantess, the amazing colorist Giulia Brusco, who somehow manages to find new heights and new depths as required. It's stunning stuff.

DOCTOR CROWE #1

Recommended by Jay Spence

Dr. Victor Crowe, the mysterious expert on Victorian era tech and the occult, combines his two areas of knowledge to battle the supernatural the rest of us can never fully understand.

Formatted like a collection of his greatest campfire stories, the first issue of *Doctor Crowe* introduces the Doctor with three different tales of his most dangerous exploits. With the help of a brave and beautiful ally, the Doctor hunts the shadowy "bog men" to their cave lair and find there's a reason why men usually never return to tell the tale. In another time, the Doctor makes a house call to treat a dreadful and mysterious virus that plagues its victim with a side effect more hazardous than death. Lastly, the Doctor wakes up wounded from his latest battle against a coven of witches and recounts his story to a curious stranger but the only the Doctor knows that the end of the story has yet to be written.

Blending the theatrics of *The Shadow* with the varied mythos of *Hellboy*, Corey Fryia writes the dark side of "steampunk" with entertaining results. "Doctor Crowe knows what lies in the depths of darkness and only he has the remedy."

SOLARMAN VOLUME 1 TP

Recommended by Trevor Richardson

You have to go back to the original *Solarman* that Marvel produced in the late 80s to really appreciate the level of work and insight Scout's creative team have put into reimagining this character. He was a bright orange, blonde-haired, Captain Planet-analog who was created to address the energy crisis of the 70s. The new *Solarman*, returning after a twenty-five year hiatus, is a fresh start for the character. With the full support of *Solarman* creator, David Oliphant, the new Ben Tucker is an African-American teenage hacker who is tackling modern issues and comes off like the voice of the 99% rather than a proponent for solar power. Before he even discovers his superpowers, Ben is targeting the wealthy and corrupt, antagonizing bullies, and standing up for the underdog

When a crew of astronauts on a space station encounter a piece of extraterrestrial technology, they are promptly attacked by a powerful alien and the technology is lost in the struggle. It crashes to Earth and Ben discovers it, exposing him to an energy field that imbues him with nuclear-based power. His powers come at a cost and that is another intriguing aspect of this take on the superhero genre. The powers don't make him better at sports or have more luck with the ladies or finally get to bring Flash Thompson down a peg or two, they throw Ben's life into total chaos. By the end of the first issue he is a fugitive from the law, fleeing an alien hunter, and dodging a paramilitary division gunning for the technology that gives him his power.

The biggest threat to Ben Tucker's survival is his own power.

BIG TROUBLE IN LITTLE CHINA/ ESCAPE FROM NEW YORK #1

Recommended by Trevor Richardson

Like old Jack says, when the earth quakes, and the poison arrows fall from the sky, and the pillars of Heaven shake, and the Porkchop Express crosses over into an alternate reality in a flash of lightning, just look that big storm right square in the eye and say, "Give me your best shot, pal. I can take it."

With the full blessing of director John Carpenter, two iconic heroes turned cult classics thanks to Kurt Russell, a mullet, an eyepatch and a few machine guns, are about to collide. It all starts when Jack Burton drives his beloved truck into the dystopian "future" of Snake Plissken's 1997 – isn't that the same year Skynet originally went online? What's with you, 1997? When Snake finds out a man is running around with his same face, he goes gunning for Jack and shenanigans ensue, launching a savage road trip across a post-apocalyptic America to learn what weird magic has pulled Jack across worlds.

BOOM's take on *Escape from New York* and *Big Trouble in Little China* has been so true to the spirit of the work and everything that made 1980s action flicks so awesome that it seemed there really was no way to improve on a good thing. Turns out, there is, you just double your dose of Kurt Russell with an awesome crossover event penned by Greg Pak and drawn by Daniel Bayliss.

Hop behind the wheel with Jack and Snake and watch them drive faster than they can see right at the heart of evil because, in the end, it's all in the reflexes.

TOMIE COMPLETE DELUXE EDITION HC

Recommended by Sarah Martinez

Tomie transcends everything we know about beauty – she's stunning from the top her head to the tips of her toes, and she loves you! Well, she lets you love her, but she *will* love you if you do this one tiny thing for her: please commit murder.

Junji Ito's girlfriend from hell has arrived here at VIZ in one deluxe hardcover volume for the first time. It'll look super-sweet next to your other VIZ Ito titles, *Uzumaki* (AUG131498) and *Gyo* (FEB151687). More than 750 pages of *Tomie* await you, and you'll need them all.

You see, it's not just any murder that Tomie needs from her lovers. She's after the complete eradication of all those *other* Tomies. Other Tomies? Yeah, here's the wrinkle: every time a Tomie is cut or dismembered (and it happens more often than you'd think!), she grows another Tomie. The new Tomie will be just as lovely and bewitching as the old one. She'll also be convinced she's the only true Tomie.

So strap in tight. Be prepared to defend your Tomie. And be ready to slaughter any other Tomie (or her poor brainwashed boyfriends!) that you meet. It's a long and twisty ride through a truly terrifying tour of old-school Japanese body horror.

Terrible temptress torments befuddled boyfriends into mass murder of her continuous crop of carbon-copy clones.

INTERVIEW w/ ANDY MANGLES

We caught a (sadly, visible) plane to Portland to question best-selling Star Trek and Star Wars author Andy Mangels about the upcoming WONDER WOMAN '77 MEETS THE BIONIC WOMAN mini-series. With a life-si□e statue of Lynda Carter as Wonder Woman watching over us in his office, here's what Mangels had to say…

You were just the right age in 1977 to watch the WONDER WOMAN and BIONIC WOMAN television shows – and the pop culture phenomenon that surrounded them (posters, magazines, etc.). Were you a fan of these characters? Any personal anecdotes that you can recall about the shows?

ANDY: I was a fan of Wonder Woman since childhood, but grew up in a very small town. I had to do extra chores for a week so my parents would borrow a color TV from our neighbors so I could watch the debut of Wonder Woman! Having Wonder Woman and Bionic Woman on television during my youthful years meant a lot for my belief in the equality of and power of women, and also meant I spent a lot of time running, jumping, and spinning around… all while making either Wonder or Bionic sound effects!

I do want to point out that these characters are ageless though. Even though many fans and retailers saw these shows in the 1970s, they have both been syndicated worldwide since then, and currently air on MeTV. Wonder Woman and The Bionic Woman have three generations of fans now who will FINALLY get to see them team up!

Dynamite's BIONIC WOMAN: SEASON FOUR and DC Comics' WONDER WOMAN '77 have done such a great job of capturing "retro chic flair" – roller-skating, Fembots, disco, etc. Without ruining any surprises, are there any funky Seventies attitudes or aesthetics squeezed into your script?

ANDY: To really capture the aesthetic of the series, one has to know the shows inside and out. As one of the world's top Wonder Woman experts, I've been in documentaries and contributed to a lot of projects about her. I also came thisclose to producing the Bionic Woman DVD sets. So, I know them both well.

I'm not only providing our exciting new artist Judit Tondora with literally thousands of photos from the series for reference, but also with images of cars, buildings, and fashion from the time. The colorist and the letterers and our all-star lineup of variant cover artists will also be working hard to get the details perfect. Short of a time machine, you should get exactly the team-up you would have seen if it HAD happened on television in 1977… with a huge feature film budget, of course!

Wonder Woman and Jaime Sommers are THE iconic action heroines – intelligent, capable, and powerful. You'd have to imagine that only the worst kind of villainy can threaten such a team-up. What do you have in store?

ANDY: To say too much will spoil the surprises, but I can say that you will see new villains, and returning villains — and heroes and supporting characters — from both TV shows, as well as some material from comic book continuity that was never quite incorporated into the shows. The plot is pretty epic in scope; it would have been a three-parter on TV! This is not a decompressed padded-for-trade-paperback kind of story… this one literally starts with a bang and doesn't stop until the end!

INTERVIEW w/ AMY CHU

Are you a longtime fan of RED SONJA? Are there any personal anecdotes or reflections on the character or storylines from your experience reading the comics?

AMY: I'm pretty certain I read some '70s Red Sonja/Conan, and of course watched the movie with Brigitte Nielson, but I really became a Red Sonja fan when Gail Simone took over. That was a side of Sonja I hadn't seen before, and it was quite terrific. And I thought, some day I'm going to write a badass character like her too! And look, here I am... My husband is quite stoked by all this, of course.

In advance of writing the story, were there particular aspects of Red Sonja's characterization that you really wanted to delve into? What can the readers expect to explore, beginning with the new RED SONJA #0 issue?

AMY:I want to represent Red Sonja in the purest way possible- She's a warrior, she's not a strategist. She's familiar with a certain way of life, a certain way of fighting. What if we take that away and put her in a completely new environment where she's forced to adapt? Let's get her out of her comfort zone and see where Red Sonja goes from there. Scott Snyder is doing that right now in All Star Batman, taking Batman out of Gotham and putting him on the road and I think that's quite exciting. It's a win-win, something refreshing for the readers, and a great challenge for the creative team. There's going to be a lot of action and adventure with a little splash of mystery, and we're going to see her abilities tested in new ways, all starting with Issue #0.

Your recent work on DC Comics' POISON IVY series really hit a chord with readers. Are there any common themes or elements between the characters? Do you think your POISON IVY fan base might hop over and try out the new RED SONJA?

AMY: Red Sonja and Poison Ivy are both great, popular, sexy redheads. They're powerful women in very different ways, and they're also flawed in different ways, which make their personal stories really interesting. So sure, I hope Ivy fans do hop over, especially for this arc. Don't think you have to be fans of swords and sorcery to enjoy this Red Sonja. Plus, I'm bringing in some colorful supporting characters just like I did with the Ivy miniseries...!

INTERVIEW w/ DAVID LISS

Dynamite's been the proud home to The Green Hornet since 2010, and has featured several incarnations of the character. Which era are you focusing on with your new story, and what makes this time period and The Green Hornet work so well together?

DAVID: This incarnation will be set in the World War II era, directly following Mark Waid's terrific run. Let me be clear that I had a great time bringing pulp characters like the Spider and the Shadow into contemporary settings, but I genuinely love working with these characters in their natural setting. Green Hornet, with his unique angle -- conning the cops and the criminals into thinking he's a bad guy --- works beautifully in this era of low tech, spotty communication, dark streets, and ratcheted-up paranoia.

What are your thoughts on the pairing of the Hornet and Kato? How do you see the way in which these characters fit together, and will you be exploring their partnership in the new series?

DAVID: This was something I absolutely something I thought about a great deal I wanted to build on the work done by so many of the other Hornet writers at Dynamite and rethink and modernize this relationship. Britt Reid obviously comes at his relationship to Kato with a certain sense of superiority -- he is, after all, a rich white man in a world that places rich white men at the top of every pecking order. I wanted to make sure Kato saw himself, and acted as, an equal and, perhaps more importantly, a check on Reid's genuine power as well as his, sometimes dangerous, sense of entitlement.

Without giving too much away, what kind of threats will the Hornet face in the new series?

DAVID: We wanted to raise the stakes by having Green Hornet face a costumed villain, and I may have kind of cranked things up to eleven. This is a story that will bring in a truly dangerous and deranged enemy, a rival hero, and a vast international conspiracy. Hornet is going to find himself threatened from pretty much every possible angle, and he's going to have dig deep to work his way through all the stuff we're throwing at him.

You've written The Shadow and The Spider for Dynamite previously – what is it about the Pulp Heroes that you love most?

DAVID: I think what I really love is the sense of stripped down purity you get from pulp . These characters have a kind of gritty authenticity -- they're often outnumbered and outgunned, figuring things out as they go along, surviving by the skin of their teeth. Pulp heroes almost never feel over-powered, so the situations they find themselves in are often dangerous and demanding, which raises the stakes.

And finally – why do you think fans will love this series?

DAVID: We've put together a story that's full of pulpy action, suspense, surprises and insanity – true to the Green Hornet tradition, but pushing the characters in some new directions. Kewber Baal's art kicks sets the tone perfectly. It's a story that hits the notes you want from a Green Hornet tale, but also goes in unexpected directions. As a fan, I know that's the sort of thing i love.

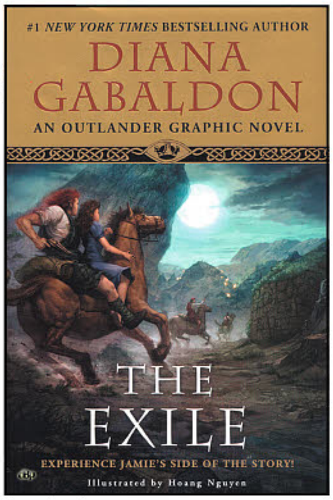
DIANA GABALDON'S OUTLANDER: THE EXILE GN (NEW PRINTING)



In her first-ever graphic novel, Diana Gabaldon gives readers a fresh look at the events of the original *Outlander*: Jamie Fraser's side of the story. Jamie Fraser is coming home to Scotland. Though his beloved godfather, Murtagh, promised Jamie's late parents he'd watch over their brash son, making good on that vow will be no easy task. There's already a fat bounty on the young exile's head, courtesy of Captain Black Jack Randall, the sadistic British officer who's crossed paths and swords with Jamie in the past. And then there is Claire Randall — mysterious, beautiful, and strong-willed. Even as Jamie's heart draws him to Claire, Murtagh is certain she's been sent by the Old Ones, and Captain Randall accuses her of being a spy. Claire clearly has something to hide, and Jamie knows she is torn between two choices — a life with him, and whatever it is that draws her thoughts so often elsewhere. (STL020087)

THE PHANTOM: THE ART OF THE GHOST WHO WALKS

Recommended by Steven Leaf

The Phantom was probably the first costumed hero I read or was read to by my dad. The comic strips had a unique fascination and the daily exploits made sure I learned to read for myself. There was a consistency to the art, and Sy Barry and Bill Lignante were *The Phantom* artists to me. It probably wasn't long after I showed my grandfather I could read that I was allowed to go to his newsstand and pick out a comic book. While there wasn't a *Phantom* comic to be found, I settled for Batman who, to this day, when done right, is my favorite superhero.

Reading comics and going to comic cons, lead me to fanzines that expanded my interest in Batman and The Phantom. I found old comics and got to know artists like Ray Moore and Wilson McCoy drawing The Phantom. Now, years later, artists like Graham Nolan and Don Newton showed they could handle both those characters equally as well.

Now a spry 80 years old, The Phantom holds his age quite well thanks to the writers and, most importantly to me, the artists behind The Ghost Who Walks and who never seems to age.

In *The Phantom: The Art of the Ghost Who Walks* Hermes Press has produced a book that represents all the major artists who have worked on The Phantom. This book makes available original art seldom seen outside personal collections and represents the rich 80 year history of The Ghost Who Walks. Within the pages we get to see art by Ray Moore and Wilson McCoy as well as the painted Gold Key cover art by George Wilson. Comic book artists are well represented with art by Lignante, Jim Aparo, Pat Boyette, and Don Newton, with Aparo and Newton featured in complete stories shot from the original artwork. We will also see art from the illustrators who worked on The Phantom overseas in Italy, Australia, and Scandinavia as well as those who worked on the character at DC, Marvel, Moonstone, and Dynamite

Hermes Press has a history of doing *The Phantom* right and this will be a great addition to their classic strip and comic book reprints. This is a book a true fan of the Phantom must have and is a great present for the 80th anniversary of The Ghost Who Walks.

BLANKETS
(W/A/CA) Craig Thompson
Blankets is the story of a young man coming of age and finding the confidence to express his creative voice. Craig Thompson's poignant graphic memoir plays out against the backdrop of a Midwestern winterscape: finely-hewn linework draws together a portrait of small town life, a rigorously fundamentalist Christian childhood, and a lonely, emotionally mixed-up adolescence. Under an engulfing blanket of snow, Craig and Raina fall in love at winter church camp, revealing to one another their struggles with faith and their dreams of escape. This groundbreaking graphic novel, winner of two Eisner and three Harvey Awards, is an eloquent portrait of adolescent yearning; first love (and first heartache); faith in crisis; and the process of moving beyond all of that. (W/A/CA) Adrian Tomine
At the behest of his soon-to-be wife, Adrian Tomine set out to create a wedding favor for their guests that would be funnier and more personal than the typical chocolate bars and picture frames. What started out as a simple illustrated card soon grew into a full-fledged comic book: a collection of short strips chronicling the often absurd process of getting married. A loose, cartoony departure from Tomine's previous work, *Scenes From An Impending Marriage* is a sweet-natured, laugh-out-loud skewering of the modern marriage process, including hiring a DJ, location scouting, trips to the salon, suit fittings, dance lessons, registering for gifts, and managing familial demands. Amin Jaafari, an Israeli surgeon of Palestinian origin, attempts to save the casualties of a suicide bombing. A day after the deadly attack, an Israeli police officer informs Jaafari that the suicide bomber was his wife, Sihem. They were leading an ideal life in Tel Aviv, moving among both Arab and Israeli society with ease, or so Jaafari thought. Desperate to understand how he missed even the slightest clue, Jaafari leaves the relative security of Israel and enters the Palestinian territories to find the fanatics who recruited her. In search of the truth, he confronts a reality that he had refused to see. *The Attack* is a poignant tragedy that mixes the intimacy of grief and betrayal with the futility of the Israeli-Palestinian conflict. GRANT MORRISON'S 18 DAYS™

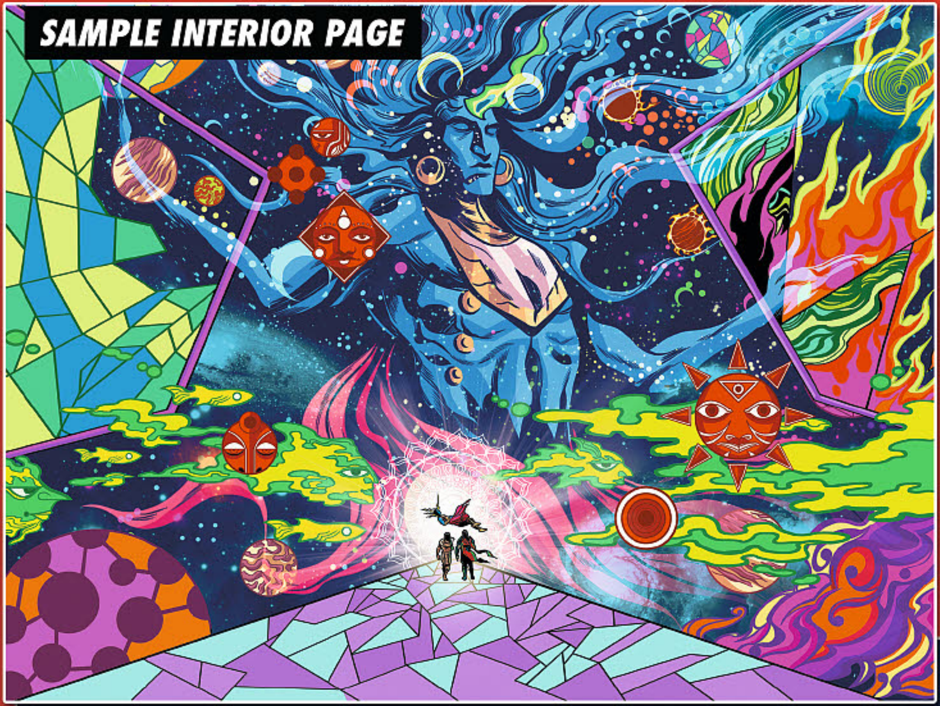
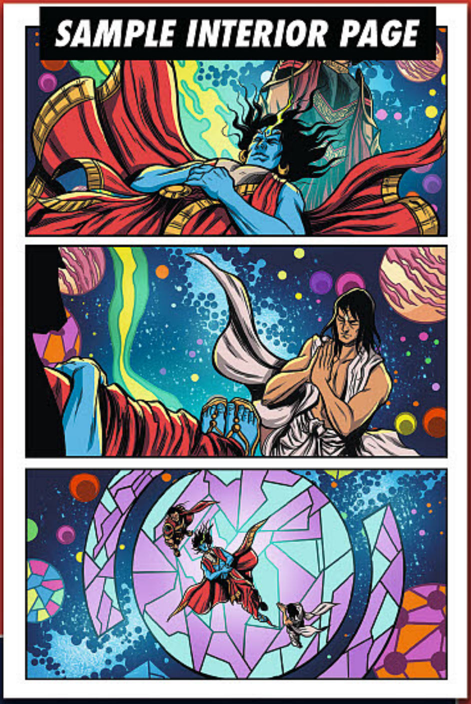
THE THIRD COLLECTED VOLUME





From legendary creator Grant Morrison (All Star Superman, Batman & Robin, The Invisibles) comes the second volume in his epic creation, as the battle between two armies of super warriors plays out on the battlefield as we flashback to see the events that brought people to the war. 18 Days is the story of three generations of super-warriors, meeting for the final battle of their age, a climactic war that concludes the age of the gods and begins the age of man. Collecting the third story arc from the series.

"This is not a Lord of the Rings or a Star Wars where the good guys win because they are right. The good guys in 18 Days are forced to cheat and lie and break rules to win. Although it has fantastic, mythic trappings, this is a very modern story of realpolitik and the failure of ideals in the face of harsh truth." - GRANT MORRISON

As a P.I., the help of Jameson, a Wild West lawman, and Alan, a 1960s-era hitman, is invaluable to bringing down the city's kingpin. But it makes his personal life a mess, as Nate can't be sure if this "power" of his makes him crazy or insane. From acclaimed comics writer Michael Moreci (*Roche Limit*, *Suicide Squad*) and artist Keith Burns (*Ex-Con*, *Johnny Red*) comes a crime noir story with humor, heart, and head wounds. Fans of *Chew* and *Criminal* will find plenty to love in *ReincarNATE*. (STL026221)

All the Little Prince cares about is being useful to the flower he's left behind on his very small planet, with only a few thorns to protect him from the world. JOSHUA HALE FIALKOV (W)

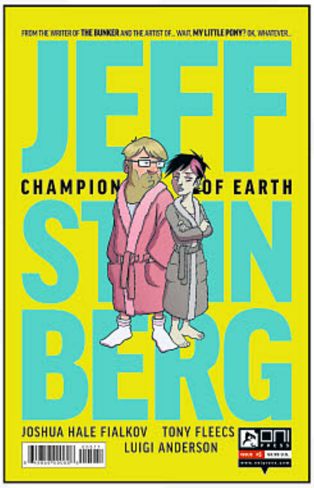
TONY FLEECS (W/A/CA)

LUIGI ANDERSON (C)

32 Pages, **$3.99**, IN STORES: **12/07/16**

The penultimate issue of Jeff Steinberg's first comic series! Do you think Jeff even knows what the word "penultimate" means? Yeah, us neither. It's the second to last issue of Jeff's first intergalactic adventure and our hero... Wait, "hero"? It's not like he got chosen because he was saving kittens from trees or anything—he was just trying to poop... Anyway, it's almost over! Jeff's survived thus far, maybe he won't actually screw everything up! (unlikely)



"If you're the kind of person who reads your comics while wearing a top hat and monocle, it's possible that some of the humour here could be considered a bit "low brow", but for the rest of us, *Jeff Steinberg* offers up a hilariously irreverent look at what would happen if that one unremarkable guy you sorta know somehow became planet Earth's only hope to avoid destruction. And I think that's an concept we can all get behind."

THE AVENGERS: STEED & MRS. PEEL: THE DIANA MAGAZINE 1966-67 COLLECTION GN

Recommended by Steve Leaf

Mrs. Peel, you're needed! You too, Steed! John Steed, top professional, and his partner, Emma Peel, talented amateur, otherwise and forever known as The Avengers return in this collection of classic and hard-to-find comic stories.

As an *Avengers* fan for years I'd only been able to find two of the *Diana* magazines from the UK containing the *Avengers* strips so this is a must have for me. In the days before home video, VHS or Beta, much less DVDs, comic books were the only visual representation of your favorite shows. To get *The Avengers* as comics there were various annuals and here in the states there was a Gold Key comics but then nothing until BOOM!'s *Steed and Peel* which had potential and, recently, DC and BOOM!'s *Batman '66 / Steed and Peel* which captured the feel of the *Batman* series and the over-the-top final Emma Peel year of *The Avengers*, E-Urp !

In this collection of these beautifully drawn strips that ran at two pages a week from issues #199 to #224 featuring art by Emilio Frejo and assisted by Juan Gonzalez, the actual Avengers are there with umbrella, charm, and bowler hat in eight stories. The book also includes interviews with the actors of Big Finish's audio adaptations of the comics, Julian Wadham (John Steed) and Olivia Poulet (Emma Peel).

This will be a welcome addition to any *Avengers* fan collection of books. I know mine will be with my *Avengers* and *New Avengers Annual*, my books by Dave Rogers, and my signed copy of *Blind in One Ear*. A book even a Mother would love.

They find a Ringworld, a ribbon millions of miles long built around a distant sun. The civilization has fallen into savagery, though, and after crashing into the Ringworld, Louis must come up with a clever plan to get back to known space, hundreds of light years away. (STK643087)

STAR TREK: BOLDLY GO #1

Recommended by Matthew Demory

Star Trek has always been part of my life. My father experienced the original show when he was younger and passed that experience on to me. Where he watched the original series I grew up with *Star Trek: The Next Generation*. I still vividly remember sitting on the couch with my dad, getting ready to watch the season 5 premier "Redemption II" in glorious standard definition.

Today *Star Trek: The Next Generation* is considered by many to be an iconic series. When it was first announced there were a lot of concerns about whether that series would ever get off the ground. How could you do a sequel to a popular TV series that had aired its last new episode decades past and with a whole new cast?

I think it was the success of *Next Generation* that really proved to a lot of people that the *Star Trek* brand not only still had legs but it could appeal to generations that were born after the original series was already in re-runs. Now with the rebooted movies, we are seeing things come full circle. New eyes are seeing these characters for the first time and now they have a massive library of movies, TV, and comics for the first time.

Star Trek: Boldy Go #1 from writer Mike Johnson (*Star Trek/ Green Lantern: The Spectrum War*, JAN160395) and artist Tony Shasteen (*Batman: Arkham Unhinged*, NOV140307) will be required reading for new fans of the movies. Picking up right after the events of *Star Trek Beyond*. The adventure always continues. There are always new worlds to discover, new aliens to meet, and a brighter future for all of us in Gene Roddenberry's universe.

OOOOOOH DOCTOR!: A PICTORIAL HISTORY OF CLASSIC NURSE PAPERBACK COVERS SC
(W) Daniel Herman, Mitch Itkowitz
The 1960s and 1970s witnessed upheavals in American culture, an explosion of new ideas in cinema; a renaissance in American abstract painting, and, yes, lots of semi-salacious, suggestive, and down right kitschy "Nurse Paperbacks" which boasted covers which were eye-catching and enticing. This book chronicles these covers and presents the first pictorial history of classic "nurse" paperback covers and features an in-depth essay about the genre and profiles many of the artists involved in creating the artwork for these tomes. Each cover, many reproduced from the original paintings, show the tongue in check humor employed in the creation these pop-culturally iconic covers. (STL025865) (C: 0-0-1)

KRAZY: THE BLACK AND WHITE WORLD OF GEORGE HERRIMAN HC
(W) Mike Tisserand
(A/CA) George Herriman
The creator of the greatest comic strip in history finally gets his due-in an eye-opening new life revealing the truth about his heritage and fascinating double life. Born and raised in the ethnic maelstrom of 19th-century New Orleans, George Herriman, the creator of the seminal comic strip *Krazy Kat* came of age as an illustrator, journalist, and cartoon artist in the boom town of Los Angeles and the wild metropolis of New York. Rocketing to early fame in the newspapers of the early 20th century, Herriman's work was both hugely popular and widely acknowledged as the cartoon that elevated cartoons from daily diversions to an anarchic art form. Yet underlying his whole life — and often sneaking into the contours of his very public art — was a very private fact: known as "the Greek" for his swarthy complexion and curly hair, Herriman was in fact an African-American. Drawing on deep original research into Herriman's family history and on a deep reading of the artist's work and surviving written records, Michael Tisserand restores this little-understood figure to vivid life. Clark Kent is thrilled when he receives an invite to a spring break academic retreat. After taking down the villains of Ducard Academy the previous year, going back to life on the farm was a bit dull. Better yet, his friends Bruce and Diana have been invited there, too! What better way to spend spring break than with old friends (Poison Ivy, Harley Quinn) and new ones like Arthur Curry (Aquaman), Barry Allen (the Flash), and Vic Stone (Cyborg)? Well, that is until kids start disappearing, one by one. Plus, there's a lake monster, bigfoot has been spotted, there are reports of a boogeyman, and there may or may not be a UFO crashed into the lake. Clark, Bruce, and Diana will have to reassemble the Junior Detective — er — Criminal Investigation Unit, in an all-new, supernatural adventure! (STL025572) (C: 0-1-0)

O/A BACK TO THE FUTURE II: HOVERBOARD 1:8-SCALE REPLICA WITH 8-INCH HALF PIPE BASE

The NeoLev *Back to the Future 1:8 Scale Hoverboard with 8" Half Pipe Base* operates on the principle of magnetic repulsion. The 3 1/4" ABS plastic long board (fingerboard) hovers at 0.5"! The track has a slight bend akin to a half pipe allowing the board to move forward and aft along with unique recoil characteristics when pressed down. Wheels not included. Details include accurate and durable vinyl decal placed on Marty McFly's pink board and optimal magnet geometry for maximum levitation. CHRONICLE: JURASSIC PARK: BREAKOUT T-REX STATUE

*From Chronicle Collectibles.*In 1993, Universal Studios, together with Steven Spielberg and Stan Winston Studios, changed movie history forever with *Jurassic Park.* This beautiful film combined the latest CGI technology, exquisite puppetry, incredible locations, and the best talent and staff that Hollywood had to offer all wrapped in one awe-inspiring and terrifying cinema masterpiece. O/A DC COMICS VARIANT PLAY ARTS KAI: STEAMPUNK BATMAN ACTION FIGURE

From Square Enix. Square Enix's dream team of designers, sculptors, and engineers has each poured their heart and soul into creating the original designs of the *Variant Play Arts KAI* figures. Through generations, there has always been a force of justice that agents of crime, chaos, and evil have contended with. Inspired by the fantastic sci-fi subgenre of steampunk, the *Variant Play Arts KAI "Timeless"* series welcomes a new *Batman* to the fold. His Batsuit, with many design aspects inspired by turn of the century steam powered technology, offers a design that transcends time and space. Fine sculpting and paintwork, as well as careful consideration of the materials used, elevate the unique texture of steam-powered technology's functional beauty. For example, multiple gears and cogs can be seen through a transparent piece in the chest armor, and burnished bronze metallic color is used throughout. The technical machinery would not be out of place in an 1890s Batcave, and the gaslamp atmosphere evoked by the design is a perfect match for the Dark Knight. Figure also includes display stand and interchangeable hand parts. O/A BATMAN: ARKHAM KNIGHT PLAY ARTS KAI: HARLEY QUINN FIGURE

Great care was taken in the sculpting of her outfit so as to accentuate her coquettish charms, but with paintwork that kept a signature creepy tone fit for a villain and mimicked realistic dirt and grime. It really feels like she has just stepped right out of Arkham City. From Square Enix. Batman v Superman: Dawn of Justice depicts the clash of two iconic heroes in the DC Comics universe. From recreating the likeness of his face to the texture of his body and suit, there are fine details incorporated within the simplicity, and the paintwork makes the care that was put into the sculpting shine. STAR WARS: DEATH STAR CHIP & DIP BOWL SET

This is a baby Death Star. Know what that means? Death Stars reproduce. We could be in for a galaxy of trouble. While we're pondering that possibility and our own resultant demise, we're going to throw a going-away party that's out-of-this world. One that involves lots of chip and dip. And since everybody knows that dip is the important part of chip & dip, we've prepped for a lot of dip with these Star Wars Death Star Chip & Dip Bowls. How much? 64 oz. of dip. You might have to refill the chip bowl a few times to go through all that dip and maintain the appropriate ratio. We're okay with that. ZOMBIE BAKING CUPS

Zombies have a certain caché to them. People identify with them, somehow - their dogged determinedness, their singular all-consuming drive to devour human flesh.... Well, maybe that part is kinda gross, but we can be zombie-like without actually becoming cannibals. Cupcakes can also be delicious, and because they can be made in molds, can be made to look like the filet mignon of zombie cuisine — brains! This set of *Zombie Baking Cups* is designed to look like little cartoony zombie heads. When made, they puff out, and can be decorated with pink (or green) frosting designed to look just like the looping whorls of neurons and myelinated axons. Mmm, delicious! But when word comes of the Night Lords' attack on Sotha, the Lion's brutal actions bring Imperium Secundus once again to the brink of civil war. PROSE TO PANELS INTERVIEW: Justin Eisinger

In honor of our "Prose to Panels" month feature, IDW Publishing's Senior Books Editor Justin Eisinger took time out of his busy scheduled this month to talk with ***PREVIEWS*** about their ongoing line of illustrated prose novels, and about the great authors who are working with them to bring new comics to life via original ideas or adaptations, such as Joe Hill, Richard Matheson, Stephen King, Richard Stark, and more!

PREVIEWS: Justin, tell us a little about yourself... what's your story so far?

Justin Eisinger: Guy answers Craigslist ad. Ten years and thousands of books later… *"Hi, I'm Justin!"*

P: Who was the first author to come to IDW? And was it for a straight adaptation of an existing work or a new project meant especially for the comics?

JE: Historically I'm pretty sure it's **Steve Niles**… you know, the guy that reinvigorated the horror genre with his little story called *30 Days of Night*? So that was for Comics. And it turned into a movie that most of you have probably caught once or twice. As for prose… well, that was a later entry for IDW. We dabbled in script books for TV shows like *Angel* or movies like *Scarface*, but nothing "just prose". That is, until a few years later when we had an imprint reprinting classic sci-fi by the masters, it was called *New Classics of the Fantastic*. The first book in that series was Nightwings by Robert Silverberg. Today we do several prose initiatives, most notably for *The X-Files* and *V-Wars* — both with Jonathan Maberry — and we're getting back into the script book category with a new *Tales from the Darkside* offering from Joe Hill.

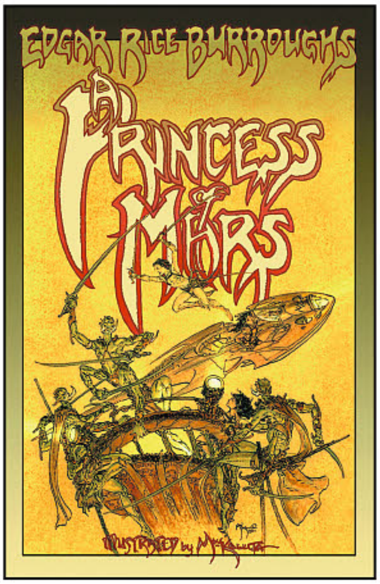
P: Was there a concerted effort to produce prose projects, or was it more or less a "happy accident" due to the number of prose authors who came to work with IDW?

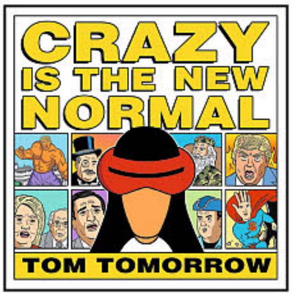
JE: IDW is a diverse publisher that does not shy from challenges or exploring new ventures, though one look at our backlist indicates that prose makes up a small sliver of our

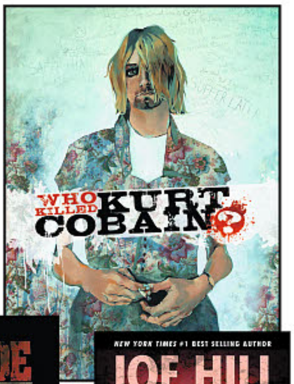
overall portfolio. But in this hyper-connected, instant-delivery era, we look at all avenues and opportunities when making publishing schedule decisions.

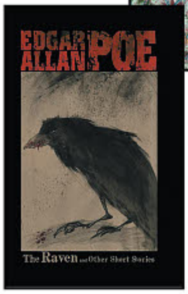
P: Are there certain criteria that IDW follows or looks for when lining up prose works to publish? Do you look for new works, or books that may be of a certain genre but have been out of print for an extended period?

JE: A quick glance at my prose bookshelf has us at 80% public domain and the other 20% licensed or original. Those numbers are certainly not exact so don't bother doing the math!









P: Being a comics publishing first and foremost, do you approach prose projects with an eye toward adding illustrations?

JE: In general IDW doesn't just print prose books — we add spot illustrations to famous works within the public domain to dress them up and offer something unique. *A Princess of Mars* with illustrations by Michael Kaluta. Three *Sherlock Holmes* prose volumes with art by Kelley Jones. *Bram Stoker's Dracula* as illustrated by Ben Templesmith. Sam Kieth adding his noir tones to Edgar Allan Poe. We do prose like only a comics publisher could!

P: What projects — either print or graphical — by prose authors do you have coming up that you can discuss?

JE: Is "too many" an acceptable answer? I think we should take a moment to talk about two projects I'm very passionate about. The first is our fictitious look at Kurt Cobain's suicide in *Who Killed Kurt Cobain?* by Nicolas Otero. This captivating read explors this pop culture tragedy through the lens of Kurt's real-life imaginary friend, Boddah. True story: the real suicide note was addressed to Boddah. As a guy that grew up with *Nirvana* I was not immediately enthusiastic about this project, but it really grew on me and its voice is unique. You have to check it out.

The second is *Crazy Is the New Normal* by Tom Tomorrow. Tom has been an indie illustrator for 25 years, filling alt weekly newspapers and online sites with his unique brand of social commentary. Last year he raised over $300,000 on Kickstarter to make a two-book set of all his work. Well, we wanted to bring that set to a wider audience so we prepared to do that… but then we also published a trade paperback of his most recent cartoons, and that one is *Crazy*. If you think this year's election is nuts, this is right up your alley.

P: Sadly, we lost Darwyn Cooke this year. His adaptations of Richard Stark's PARKER stories became some of the most talked-about and collected volumes produced by IDW. Is there any more PARKER material by Cooke that has yet to be published?

JE: Scott Dunbier was Darwyn's editor here at IDW, and I wouldn't presume to know *anything* about what he and the estate have planned. Expect to know more when the time is right.

P: Are there any prose authors whose works you feel would lend themselves to the graphic novel format that you would like to publish? Or for that matter, and writer/artists whose work might translate to prose?

JE: Of course! Or television writers or screenwriters or videographers or anyone with a compelling and original story to tell, and the perseverance and dedication to get it done.

P: Who's your one "dream author" (living) you'd love to land at IDW?

JE: I would never give away any of the good ideas here, but I could imagine a cool anthology illustrating stories by Chuck Klosterman… or maybe David Sedaris. Have you noticed my taste for dark comedy yet?!

Junji Ito is one of Japan's greatest horror manga artists, creator of *Uzumaki* (about a town obsessed with spirals), *Gyo* (an invasion of zombie fish on land!), and perhaps his most sensational and unnerving series, this month's Staff Pick, *Tomie*... a series chronicling a girl who drives her stricken admirers to madness, while ruthlessly hunting down the clones of herself that continue to spring up from her own mutilated clone corpses!

TOMIE COMPLETE DELUXE EDITION HC

Recommended by Sarah

Tomie transcends everything we know about beauty -- she's stunning from the top her head to the tips of her toes, and she loves you! Well, she lets you love her, but she *will* love you if you do this one tiny thing for her: please commit murder.

Junji Ito's girlfriend from hell has arrived here at VIZ in one deluxe hardcover volume for the first time. It'll look super-sweet next to your other VIZ Ito titles, *Uzumaki* (AUG131498) and *Gyo* (FEB151687). More than 750 pages of *Tomie* await you, and you'll need them all.

You see, it's not just any murder that Tomie needs from her lovers. She's after the complete eradication of all those *other* Tomies. Other Tomies? Yeah, here's the wrinkle: every time a Tomie is cut or dismembered (and it happens more often than you'd think!), she grows another Tomie. The new Tomie will be just as lovely and bewitching as the old one. She'll also be convinced she's the only true Tomie.

So strap in tight. Be prepared to defend your Tomie. And be ready to slaughter any other Tomie (or her poor brainwashed boyfriends!) that you meet. It's a long and twisty ride through a truly terrifying tour of old-school Japanese body horror.

"TERRIBLE TEMPTRESS TORMENTS BEFUDDLED BOYFRIENDS INTO MASS MURDER OF HER CONTINUOUS CROP OF CARBON-COPY CLONES."

SOLARMAN VOLUME 1 TP

Recommended by Trevor

You have to go back to the original *Solarman* that Marvel produced in the late 80s to really appreciate the level of work and insight Scout's creative team have put into reimagining this character. He was a bright orange, blonde-haired, Captain Planet-analog who was created to address the energy crisis of the 70s. The new *Solarman*, returning after a twenty-five year hiatus, is a fresh start for the character. With the full support of *Solarman* creator, David Oliphant, the new Ben Tucker is an African-American teenage hacker who is tackling modern issues and comes off like the voice of the 99% rather than a proponent for solar power. Before he even discovers his superpowers, Ben is targeting the wealthy and corrupt, antagonizing bullies, and standing up for the underdog

When a crew of astronauts on a space station encounter a piece of extraterrestrial technology, they are promptly attacked by a powerful alien and the technology is lost in the struggle. It crashes to Earth and Ben discovers it, exposing him to an energy field that imbues him with nuclear-based power. His powers come at a cost and that is another intriguing aspect of this take on the superhero genre. The powers don't make him better at sports or have more luck with the ladies or finally get to bring Flash Thompson down a peg or two, they throw Ben's life into total chaos. By the end of the first issue he is a fugitive from the law, fleeing an alien hunter, and dodging a paramilitary division gunning for the technology that gives him his power.

The biggest threat to Ben Tucker's survival is his own power.

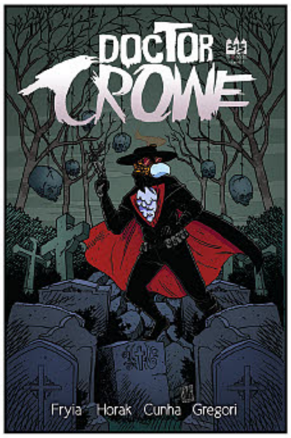
DOCTOR CROWE #1

Recommended by Jay



Dr. Victor Crowe, the mysterious expert on Victorian era tech and the occult, combines his two areas of knowledge to battle the supernatural the rest of us can never fully understand.

Formatted like a collection of his greatest campfire stories, the first issue of *Doctor Crowe* introduces the Doctor with three different tales of his most dangerous exploits. With the help of a brave and beautiful ally, the Doctor hunts the shadowy "bog men" to their cave lair and find there's a reason why men usually never return to tell the tale. In another time, the Doctor makes a house call to treat a dreadful and mysterious virus that plagues its victim with a side effect more hazardous than death. Lastly, the Doctor wakes up wounded from his latest battle against a coven of witches and recounts his story to a curious stranger but the only the Doctor knows that the end of the story has yet to be written.

Blending the theatrics of *The Shadow* with the varied mythos of *Hellboy*, Corey Fryia writes the dark side of "steampunk" with entertaining results. "Doctor Crowe knows what lies in the depths of darkness and only he has the remedy."

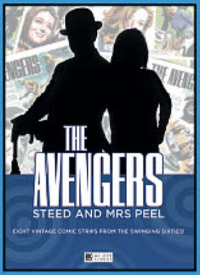
THE AVENGERS: STEED & MRS PEEL: THE DIANA MAGAZINE 1966-67 COLLECTION GN

Recommended by Steve



Mrs. Peel, you're needed! You too, Steed! John Steed, top professional, and his partner, Emma Peel, talented amateur, otherwise and forever known as The Avengers return in this collection of classic and hard-to-find comic stories.

As an *Avengers* fan for years I'd only been able to find two of the *Diana* magazines from the UK containing the *Avengers* strips so this is a must have for me. In the days before home video, VHS or Beta, much less DVDs, comic books were the only visual representation of your favorite shows. To get *The Avengers* as comics there were various annuals and here in the states there was a Gold Key comics but then nothing until BOOM!'s *Steed and Peel* which had potential and, recently, DC and BOOM!'s *Batman '66 / Steed and Peel* which captured the feel of the *Batman* series and the over-the-top final Emma Peel year of *The Avengers*, E-Urp !

In this collection of these beautifully drawn strips that ran at two pages a week from issues #199 to #224 featuring art by Emilio Frejo and assisted by Juan Gonzalez, the actual Avengers are there with umbrella, charm, and bowler hat in eight stories. The book also includes interviews with the actors of Big Finish's audio adaptations of the comics, Julian Wadham (John Steed) and Olivia Poulet (Emma Peel).

This will be a welcome addition to any *Avengers* fan collection of books. I know mine will be with my *Avengers* and *New Avengers Annual*, my books by Dave Rogers, and my signed copy of *Blind in One Ear*. A book even a Mother would love.
